Improving Children's Homework, Organization and Planning Skills (HOPS): A Parent's Guide

Written by Joshua M. Langberg, PhD

This how-to manual gives you, as parents and caregivers, the tools you need to help your child thrive at school. Tested by school psychologists and parents, the techniques in this guide help you enhance your child's homework and organizational skills – with or without additional professional supervision! Following the methods in this book, learn to support your child in a variety of areas, including:

- Homework Recording and Completion
- Organization of Materials
- Planning Ahead for Long-Term Projects
- Time Management Practices
- Balancing Homework with Extracurricular Activities
