<b>Preface</b>	<b>x</b>
<b>Acknowledgments</b>	<b>xii</b>
<b>About the Editors</b>	<b>xiii</b>
<b>About the Contributors</b>	<b>xiv</b>
<b>SECTION I: Schools as Partners in Health Care Delivery</b>	
<b>Chapter 1: Trends in Health Care Delivery: The Increased Burden on Schools as Health Care Providers</b>	<b>2</b>
<i>Paul C. McCabe and Steven R. Shaw</i>	
Introduction	2
Pediatrics in the Schools	2
Role of Federal Legislation	3
Keeping Pace With the Trends in Health Care	5
Meeting the Additional Burden	6
<b>Chapter 2: Collaboration Between Educators and Medical Professionals: Models, Barriers, and Implications</b>	<b>8</b>
<i>Sarah Glaser, Tia Ouimet, and Steven R. Shaw</i>	
Introduction	9
Background	9
Why Collaboration Between Educators and Medical Professionals Is Necessary	10
Models of Collaboration	10
Obstacles and Barriers to Effective Collaboration	12
Implications for Educators	14
Strategies for Effective Collaboration Between Educators and Medical Professionals	14
Conclusions and Future Directions	16
Educational Strategies	16
Discussion Questions	17
Research Summary	17
Resources	17
Handout—Strategies for Effective Communication Between Educators and Medical Professionals	19

## **SECTION II: Current Issues in Pediatric Disorders and Treatments**

<b>Chapter 3: Role of Otitis Media in Hearing Loss and Language Deficits</b>	<b>22</b>
<i>Amy Racanello and Paul C. McCabe</i>	
Introduction	23
Background	23
Disease Overview	23
Medical Treatment	24
Risk Factors for Developing Otitis Media	24
Otitis Media: Speech and Language Development	25
Implications for Educators	26
Student-Specific Strategies	27
General Classroom Strategies	27
Educational Strategies	28
Discussion Questions	28
Research Summary	29
Resources	29
Handout—Otitis Media	30
<b>Chapter 4: Childhood Immunizations: The Power of Misinformation</b>	<b>32</b>
<i>Michelle Klein Brenner and Paul C. McCabe</i>	
Introduction	33
Background	33
Development of Vaccinations	33
Opposition to Immunization	33
Implications for Educators	38
Educational Strategies	38
Discussion Questions	39
Research Summary	39
Resources	40
Handout—Childhood Immunizations: Know the Facts	41
<b>Chapter 5: Shaken Baby Syndrome: Immediate and Long-Term Consequences and Implications for Educators</b>	<b>42</b>
<i>Tiffany Folmer Lawrence and Paul C. McCabe</i>	
Introduction	43
Background	43
Prevalence and Risk Factors for Shaken Baby Syndrome	43
Clinical Presentation of Shaken Baby Syndrome	44
Retinal Hemorrhages as Diagnostic Criteria for SBS	45
Differential Diagnosis	46
Prevention and Intervention	46
Implications for Educators	47
Conclusion	49
Educational Strategies	49
Discussion Questions	49
Research Summary	50
Resources	50
Handout—Preventing Shaken Baby Syndrome	51

<b>Chapter 6: Assessment and Intervention for Sleep Problems</b>	<b>52</b>
<i>Joseph A. Buckhalt and Mona El-Sheikh</i>	
Introduction	53
Background	54
Diagnostic Considerations for Sleep Disorders	54
Sleep and Health Correlates	55
Adolescent Sleep Patterns	56
Assessing Sleep Problems	56
Implications for Educators	57
Educational Strategies	57
Discussion Questions	58
Research Summary	58
Resources	59
Handout—Sleep Disorders	60
<b>Chapter 7: Cognitive Effects of Childhood</b>	
<b>Leukemia Treatments</b>	<b>61</b>
<i>Paul C. McCabe</i>	
Introduction	62
Background	63
Definition of Leukemia	63
Etiology and Treatment	63
Learning Outcomes	64
Attention and Memory	65
Cognitive Abilities	65
Gender Effects	65
Implications for Educators	66
Educational Strategies	68
Discussion Questions	68
Research Summary	69
Resources	69
Handout—Cognitive Effects of Leukemia Treatments	70
<b>Chapter 8: An Overview of Pediatric Human</b>	
<b>Immunodeficiency Virus (HIV)</b>	<b>72</b>
<i>Sarah A. Bassin, W. Mark Posey, and Emily E. Powell</i>	
Introduction	73
Background	73
Scope of the Problem	73
Motor Development and Visual-Motor Effects of HIV	74
Cognitive Effects	74
Language Development	75
Executive Functioning	75
Psychosocial Adjustment	76
Disclosure	77
Implications for Educators	78
Educational Strategies	78
Discussion Questions	78
Research Summary	78
Resources	79
Handout—Pediatric HIV	80

<b>Chapter 9: Bacterial Meningitis</b>	<b>81</b>
<i>Paul C. McCabe and Fallon Lattari</i>	
Introduction	82
Background	82
Pathogenesis	82
Clinical Symptoms	83
Neurological Effects	84
Diagnosis and Treatment	85
Epidemiology, Immunization, and Prevention	85
Implications for Educators	86
Educational Strategies	87
Discussion Questions	88
Research Summary	88
Resources	89
Handout—Information About Bacterial Meningitis	90
<b>Chapter 10: Lyme Disease and Tick-Borne Infections: Causes and Physical and Neuropsychological Effects in Children</b>	<b>91</b>
<i>Ron Hamlen and Deborah S. Kliman</i>	
Introduction	92
Background	92
Infection Incidence and Risk	93
Diagnosis	93
Neurological and Cognitive Deficits	94
Developmental Delay, Attention Disorders, and Autism Spectrum Disorders	95
Depressive, Panic, and Aggressive Disorders	95
Long-Term Outcomes	96
Implications for Educators	96
Educational Strategies	97
Discussion Questions	98
Research Summary	98
Resources	98
Handout—Pediatric Lyme Disease and Associated Tick-Borne Infections	99
<b>SECTION III: Prevention and Wellness Intervention</b>	
<b>Chapter 11: Childhood Obesity Prevention: A Review for Educators</b>	<b>102</b>
<i>Jessica A. Hoffman and Laura Anderson</i>	
Introduction	103
Background	103
Child and Family Context	104
The Community	105
The School	105
Family, Community, and School: Healthy Weight Facilitated	107
Educational Strategies	107
Discussion Questions	108
Research Summary	109

Resources	109
Handout—Strategies to Help Children Achieve a Healthy Weight	111
<b>Chapter 12: Low-Level Aggression in the Schools: Issues and Interventions</b>	<b>113</b>
<i>Rebecca Lakin Gullan, Julie Paquette MacEvoy, and Stephen S. Leff</i>	
Introduction	114
Background	114
What Is a Normal Level of Aggression?	114
Bullies, Victims, and Aggressive-Victims	116
Aggression and Social Status: The Role of Perceived Popularity	116
Implications for Educators	117
Evaluation at the Child Level	117
Evaluating Context	118
Matching Intervention to Child and Contextual Characteristics	118
Educational Strategies	120
Discussion Questions	120
Research Summary	121
Resources	121
Handout—Helping Children With Aggression	122
<b>Chapter 13: Accident Prevention</b>	<b>123</b>
<i>MaryBeth Bailar-Heath and Sarah Valley-Gray</i>	
Introduction	124
Background	124
Motor Vehicle Safety	124
Pedestrian Safety	124
Bicycle Safety	125
Sports, Recreation, and Swimming Safety	126
Traumatic Brain Injury and Spinal Cord Injury	127
Implications for Educators	128
Educational Strategies	128
Discussion Questions	129
Research Summary	129
Resources	130
Handout—Tips for Preventing Accidental Injury of Children and Adolescents	131
<b>Glossary</b>	<b>133</b>
