Preface	x
Acknowledgments	xii
About the Editors	xiii
About the Contributors	xiv
SECTION I: Neuropsychiatric Conditions Affecting Children	
Chapter 1: Developments in Neuropsychiatric Treatment:	
New Challenges and Old Problems	2
Paul C. McCabe and Steven R. Shaw	
Introduction	2
Linking Neurotransmitters to Behavior	3
Increasing Specificity of Medications	4
Medication Side Effects	4
(De-)Emphasis on Talk Therapies	5
Future Directions	6
Chapter 2: Neurochemical Bases of Tourette Syndrome	
and Implications for Educators	8
Jason Collins and Paul C. McCabe	
Introduction	9
Background	9
Prevalence and Epidemiology	9
Clinical Phenomenology	10
Comorbidity	11
Neurochemical Bases	11
Implications for Educators	12
Educational Strategies	14
Discussion Questions	14
Research Summary	15
Resources	15
Handout—Tourette Syndrome	16

Chapter 3: Diagnosis and Treatment of Pediatric Bipolar Disorder	17
Betsy Chesno Grier, Megan L. Wilkins,	
and Elizabeth H. Jeffords	
Introduction	18
Background	18
Symptoms of Bipolar Disorder	18
Differential Diagnosis	20
Interventions for Pediatric Bipolar Disorder	21
Conclusion	23
Implications for Educators	23
Educational Strategies	24
Discussion Questions	24
Research Summary	24
Resources	25
Handout—Pediatric Bipolar Disorder	26
Chapter 4: Parental Control and Separation Anxiety Disorder	28
Erika E. Levavi, Florence J. Schneider, and Paul C. McCabe	
Introduction	29
Background	29
Behavioral Control	29
Parental Anxiety	30
Parental Affection	30
Discipline	31
Psychological Control	32
Cultural Differences	32
Paternal Factors	32
Implications for Educators	33
Prevention	33
Interventions	35
Educational Strategies	37
Discussion Questions	37
Research Summary	38
Resources	38
Handout—Separation Anxiety Disorder	39
Chapter 5: Mood Disorders and Creativity	41
Sara Pollak-Kagan and Paul C. McCabe	
Introduction	42
Background	42
Link Between Bipolar Disorder and Creativity	42
Neurobiological and Genetic Model	44
Implications for Educators	45
Educational Strategies	46
Discussion Questions	46
Research Summary	47
Resources	47
Handout—Use of Creative Mediums With Children	
and Adolescents With Mood Disorders	48

SECTION II: Psychopharmacology

Chapter 6: Atypical Antipsychotic Use in Children	
and Adolescents With Autism Spectrum Disorders:	
A Review for Educators	50
Steven R. Shaw and Tamara Dawkins	
Introduction	51
Background	51
The Effects of Atypical Antipsychotics on	
Symptoms of ASD	52
Side Effects	54
Conclusion	55
Implications for Educators	56
Educational Strategies	56
Discussion Questions	57
Research Summary	57
Resources	57
Handout—Use of Atypical Antipsychotic Medication	
With Children and Adolescents	59
Chapter 7: Tardive Dyskinesia With Typical and Atypical	
Antipsychotic Medications in Children and Adolescents	60
Daniel Farrell, Janine Fischer, and Paul C. McCabe	
Introduction	61
Background	61
Symptoms and Diagnosis	61
Prevalence of TD	63
Treatment of TD	64
Implications for Educators	65
Educational Strategies	67
Discussion Questions	68
Research Summary	68
Resources	69
Handout—Tardive Dyskinesia	70
Chapter 8: Recent Advances in the Medical Management	
of Children With Attention Deficit/Hyperactivity	
Disorder	71
John S. Carlson, Angela Maupin, and Tara Brinkman	/1
Introduction	72
Background	72
Psychostimulants	73
Atomoxetine	70
Novel and Alternative Medicines	75
Conclusion	76
Implications for Educators	70
Educational Strategies	78
Discussion Questions	78
Research Summary	78

Resources	79
Handout—Recent Advances in the Medical Management of ADHD	80
Chapter 9: Polypharmacy Prescription Practices in School-	01
Aged Populations: Challenges and Considerations	81
John S. Carlson Introduction	82
Background	83
Overview and Definitions	83
Risks Associated With Polypharmacy	83
Assumptions Associated With Polypharmacy	84
Medication Use in School-Aged Populations	85
Medication Use Within Vulnerable Populations	85
Prevalence of Polypharmacy in Childhood Populations	85
Cultural Considerations and Polypharmacy	86
Interventions	86
Implications for Educators	88
Educational Strategies	88
Discussion Questions	88
Research Summary	89
Resources	90
Handout—Polypharmacy Prescription Practices in	
School-Aged Populations	91
Chapter 10: Educational Implications of Commonly Used	
Chapter 10: Educational Implications of Commonly Used Pediatric Medications	92
	92
Pediatric Medications	92 94
Pediatric Medications Larry M. Bolen and Michael B. Brown	
Pediatric Medications Larry M. Bolen and Michael B. Brown Introduction	94
Pediatric Medications Larry M. Bolen and Michael B. Brown Introduction Background	94 94
Pediatric MedicationsLarry M. Bolen and Michael B. BrownIntroductionBackgroundMedication Issues	94 94 94
Pediatric Medications Larry M. Bolen and Michael B. Brown Introduction Background Medication Issues Implications for Educators Assessment Intervention	94 94 94 97 97 98
Pediatric Medications Larry M. Bolen and Michael B. Brown Introduction Background Medication Issues Implications for Educators Assessment Intervention Advocacy and Education	94 94 97 97 98 98

The GFCF Diet	106
Research Limitations	107
Conclusion	108
Implications for Educators	108
Educational Strategies	109
Discussion Questions	109
Research Summary	110
Resources	110
Handout—Dietary Modification: The Gluten-Free	
Casein-Free Diet	112
Chapter 12: The Prevention of and Interventions for	
Eating Disorders	113
Catherine Cook-Cottone	
Introduction	115
Background	115
Etiology Research Brief	116
Prevention and Intervention Support	117
Intervention Overview	118
Implications for Educators	119
School Reintegration	119
Educational Strategies	120
Discussion Questions	120
Research Summary	120
Resources	121
Handout—Prevention of and Interventions for	
Eating Disorders	122
Chapter 13: Steroids in Adolescents: The Cost of Achieving	
the Physical Ideal	123
Sarita Gober and Paul C. McCabe	10.4
Introduction	124
Background	124
Steroid Use and Effects	125
Prevalence of Steroid Use	126
Reasons for Steroid Use	126
Implications for Educators	128
Educational Strategies	128
Discussion Questions	129
Research Summary	129
Resources	130
Handout—Anabolic Steroid Use Among Adolescents	131
Glossary	132
References	142
Index	159
